Chapter 1 by Jessica

"Help Sammy!" Those were the last words I heard until I fell into a deep, dark abyss... Now I'm in a dark room, I don't know what to do. I should have helped him. Only cowards run and our Mom taught us to never run away from a fight. I tear at the ground in anger and scream frustration but it doesn't last for long because the door opens and I'm grabbed and pulled away.

It's not long before I meet him, the one who caused all this trouble. "Miss Sam, it's very nice to meet you at last. I've been wondering where all your family went. Would it be nice to have a little family reunion perhaps?" "Where did you take them!" I screech. "You better have not laid a hair on them!" I feel his men stiffen their grip on me as I try to struggle forward and claw at his face. "Men, bring the rest of her family, maybe it would calm this feisty little spirit down." he commands. "Governor, are you sure it is advisable to leave you alone with her?" one of the men in the the suits asks. "Oh don't worry about me. We'll be just fine. Right Sam?" I grit my teeth and look down. His men finally let go of my arms and I yank them back. "Sam, your family has been on the run for years and we have finally every single one of you." he snaps his fingers together. "Now we will eliminate every single one of you." he gives me a sinister smile that chills my bones.
